## Weiss and Dichtel named finalists for 2020 Blavatnik National Awards for Young Scientists

Congratulations to Professor Weiss and Professor Dichtel for being named finalists for the Blavatnik National Awards. These awards “honor America’s most innovative young faculty-rank scientists and engineers.” Click [here](#) to read more.

## Postdoc Academy Course - Succeeding As A Postdoc

Are you a postdoc or a late-stage graduate student looking for flexible professional development? Are you looking for a place to connect with and regularly interact with other postdocs/GS? This opportunity was created for you!

The Postdoc Academy is a digital and in-person professional development program designed specifically for postdocs and is now open for registration! The free online course, titled "Succeeding as a Postdoc", will begin on June 22nd. This 6-week course will help you create a rewarding experience that launches you into your chosen career path. **Register for the online course [here](#).**

In addition to the online course, you can join a Postdoc Academy Learning Session (PALS) here at Northwestern. Virtual local learning communities support online learning by connecting content directly to the local context and community, and promote deeper learning of the material. PALS are small groups of postdocs who meet once a week in Zoom while taking the online course. **PALS at Northwestern will begin the week of June 22nd! Register for PALS [here](#).**

## Northwestern Career Advancement Events

### **NCA: Career Conversations - Advanced Degree Consulting Resume and Cover Letter Workshop**

***Monday, June 22 12:00PM-1:00PM CST***

Getting your materials ready for full-time deadlines in management consulting this summer? Join NCA's PhD career adviser to go over best practices for making your CV a consulting resume as an advanced degree candidate.

Registration via [Handshake](#) is required, and attendees will have exclusive access to follow-up application document consultations with NCA advisers the week of June 22.

### **NCA: Career Conversations - From PhD Candidate to Data Scientist**

***Tuesday, June 23 12:00PM-1:00PM CST***

Join us for a conversation with [Dr. Sahil Shah](#), Applied Mathematics doctoral alumnus. Sahil will share his experience and insight around the internship and full-time search as an advanced degree candidate. Former student leader, Tempus intern, and current data scientist with Civis Analytics, Dr. Shah will discuss strategies that worked for him, in addition to surprises and advice for those transitioning to non-academic roles. There will be time during this session for questions from participants. Registration via [Handshake](#) for this event is required, as access information to the virtual program will only be provided to registrants to ensure a secure space.

For questions, please do not hesitate to contact Elyse Longiotti, Assistant Director of Student Career Advising: [elyse.longiotti@northwestern.edu](mailto:elyse.longiotti@northwestern.edu)
