## REACT virtual instrumentation seminar series For The General User

**Next Presentation Topic: Chromatography**

Presented by: Neil Schweitzer (REACT)

Tuesday, July 7<sup>th</sup>, 1pm-3pm (Central Time)

Please register at: <https://northwestern.zoom.us/meeting/register/tJYvdOqurjovHdx5FbCKKivF4gxDnEt6X4CI>

Conducting scientific research requires the use of a vast array of instrumentation and tools. Even though we can't all be experts with every tool we use, **safe** and **effective** use of instrumentation requires practical knowledge about basic instrument components and standard experimental procedures. This weekly series will draw on the expertise of core facility experts to provide you with practical information and valuable resources about using some of the most common tools in materials and chemistry research, with a special emphasis on fluid systems.
