Postdoc Academy Course - Succeeding As A Postdoc

Are you a postdoc or a late-stage graduate student looking for flexible professional development? Are you looking for a place to connect with and regularly interact with other postdocs/GS? This opportunity was created for you!

The Postdoc Academy is a digital and in-person professional development program designed specifically for postdocs and is now open for registration! The free online course, titled "Succeeding as a Postdoc", will begin on June 22nd. This 6-week course will help you create a rewarding experience that launches you into your chosen career path. **Register for the online course [here](#).**

In addition to the online course, you can join a Postdoc Academy Learning Session (PALS) here at Northwestern. Virtual local learning communities support online learning by connecting content directly to the local context and community, and promote deeper learning of the material. PALS are small groups of postdocs who meet once a week in Zoom while taking the online course. **PALS at Northwestern will begin the week of June 22nd! Register for PALS [here](#).**

Free Programming Workshops Through NUIT Research Computing Services

[Register now for the RCS summer workshop series.](#) All workshops are remote and free to all students, faculty, and staff. Learn [R](#) or [Python](#) in our one-week remote bootcamps. The [Python Fundamentals](#) (June 29-July 3) and [R Fundamentals](#) (June 22-June 26) series have been reworked for remote learning.

Now is a great time to learn how to code! *Build your skills.* Intermediate and advanced workshops are being offered all summer in Next Steps in Python, R: Tidyverse, Statistical Modeling, Machine Learning, Webscraping, Text Analysis, Shiny, Intro to Git and GitHub, and more.
