New Arrivals

There are no new arrivals this week.

BIP

[BIP](#) is over for the academic year and will return in the fall.

Upcoming Events and News

Frontiers in Nanotechnology Virtual Mini-Conference

Tuesday, September 8, 2020

11:00 am – 1:35 pm (CDT)

Zoom Webinar

Hosted by: Danna Freedman and James Rondinelli

Featuring: William Oliver, Prineha Narang and Monika Schleier-Smith

There is no cost to attend.

[Register Here](#) and a link to join the conference will be sent to you by email on the day of the event.

For a complete agenda, [visit iinano.org](http://visit.iinano.org).

Job Openings & Recruiting

Opportunity with Pfizer's Parenteral R&D Professional Development Program (PDP) **DEADLINE TODAY, September 4**

This is a reminder that Pfizer will be accepting applications for Pfizer's Parenteral R&D Professional Development Program (PDP) through **Friday night**. They look forward to receiving applications (cover letter and resume) through their website (pdp.pfizercareers.com).

This unique rotational program is designed to immerse graduates in the full pharmaceutical product development life cycle to train the next generation of scientific leaders. More information about the program can be found on their website (pdp.pfizercareers.com). Application submissions will close on Friday, September 4th, 2020.

**Don't settle for any job
start your career with us**

About Pfizer's Parenteral Center of Excellence

In the Pfizer Parenteral Center of Excellence, we combine our history of industry leadership, comprehensive knowledge of global healthcare markets, and vast portfolio of trusted, quality medicines to benefit patients around the world at virtually every stage of life. We bring insight to action through our global reach and the breadth and depth of our capabilities, delivering value to health systems in more than 160 developed and developing markets. Whether it's using new technology and our deep experience to increase access to an essential medicine or combat an emerging health risk, our ability to innovate and anticipate customer and patient needs continues to allow us to make meaningful and inspired contributions to improving global health.

**Pfizer Parenteral R&D
Professional Development Program**

The Pfizer Parenteral R&D Professional Development Program develops future leaders. Be one of them.

WORLDWIDE RESEARCH, DEVELOPMENT AND MEDICAL

WORLDWIDE RESEARCH, DEVELOPMENT AND MEDICAL

The advertisement features two photographs of scientists in a laboratory. The left photo shows a woman and a man looking at a computer monitor. The right photo shows a woman and a man working with large stainless steel equipment. The text is overlaid on a blue and white background.

Tenure-Track faculty position at the level of Assistant Professor in the Chemistry Department at Dartmouth College

Applications are invited for a Tenure-Track faculty position at the level of Assistant Professor in the Chemistry Department at Dartmouth College, starting July, 2021, in the broadly defined area of Organic Chemistry.

Qualifications

The Department of Chemistry seeks an individual with a PhD in chemistry who will establish a nationally recognized research program in organic chemistry broadly defined and is motivated by the use, discovery and development of new reactions and chemical reactivity within the fields of organic, organometallic, catalytic, materials or biological chemistry. We particularly seek an individual who strive to innovate in a manner that will eventually drive unique collaborative research projects within the department and involving other Dartmouth researchers, including those at the Geisel School of Medicine, Norris Cotton Cancer Center, Thayer School of Engineering and/or Irving Institute for Energy and Society. The successful candidate will have the potential to excel at teaching organic chemistry and other courses in both our undergraduate and graduate curriculum and contribute to Dartmouth initiatives in STEM diversity, such as the Women in Science Program, E.E. Just STEM Scholars Program and Academic Summer Undergraduate Research Experience. Dartmouth is highly committed to fostering a diverse and inclusive community of students, faculty and staff. We are especially interested in applicants who are able to work effectively with those from all backgrounds, including, but not limited to, racial and ethnic minorities, women, individuals who identify with LGBTQ+ communities, individuals with disabilities, veterans, individuals from lower income backgrounds, and/or first generation college students.

Application Instructions

Applicants should state in their cover letter how their teaching, research, service and/or life experiences have prepared them to advance Dartmouth's commitment to diversity, equity and inclusion. Applicants should submit a curriculum vitae, a description of their research accomplishments and future plans, and a statement of their teaching and mentoring interests, including a discussion of past accomplishments and future goals. They should also arrange for at least three letters of reference to be sent on their behalf. All inquiries and applications will be treated confidentially. Applicants are invited to submit their materials via Interfolio at <http://apply.interfolio.com/78207>. The Committee will begin to consider completed applications on **October 15, 2020**.

Tenure-Track Faculty Position in Chemistry or Chemical Biology

Memorial Sloan Kettering Cancer Center (MSK) seeks innovative individuals for a tenure-track position in the Chemical Biology Program. We seek candidates with strong research accomplishments in organic chemistry or chemical biology and interests in bringing chemical approaches to bear upon problems at the interface with

biomedical research, including basic and translational research and across all disease areas. Women and underrepresented minority candidates are especially encouraged to apply.

MSK has a rich history in chemical research spanning over 70 years, and we are continuing our recent expansion in this area. We provide a unique and collaborative scientific environment, exceptional research facilities and resources, and generous startup packages. Faculty are eligible to hold appointments in and to recruit students from multiple outstanding graduate programs, including the Tri-Institutional PhD Program in Chemical Biology, Tri-Institutional MD-PhD Program, Gerstner Sloan Kettering Graduate School of Biomedical Sciences, and Weill Cornell Graduate School of Medical Sciences.

The application deadline is **October 15, 2020**. Interested candidates should visit <https://facultysearch.ski.edu> to access the online application and to obtain important information on required application materials and deadlines. Applicants must have a PhD degree in chemistry, biochemistry, chemical biology, or a closely related discipline, and a strong track record of scientific achievement.
